

*The truly universal charger
for electronic devices
that stores power!*

Solio® Hybrid 1000™
Never Be Caught Without A Charge!

When on the go power for your gadgets is key, plug into the Solio® Hybrid 1000. This hybrid boasts a powerful solar panel and battery in an incredibly compact and slender case, conveniently geared with a built-in rugged carabiner and cable. The Hybrid 1000 is simple to use. Just clip on, plug in, and charge up!

- **Universal Charger** – Power virtually all your electronic devices. Works out of the box with most common mobile phones, MP3 players, and GPS units - simply change the adaptor tip (additional adaptor tips available at solio.com).
- **Stores Power** – Charge your devices anytime, day or night. Internal rechargeable battery stores power for up to one year. (A full Solio H1000 will charge a typical mobile phone once or give 10 hours of MP3 music - just 1 hour of sunshine = 15 minutes talk time or 40 minutes of MP3 music.)*
- **Hybrid Charger** – Charge anywhere on Earth. Plug into the sun and charge Solio through its solar panel or use the included cable to charge from the USB port of any computer – it's free and green!

Technical Specifications

Nominal DC Output: 4V - 12V, 0 - 1A • Maximum Wattage: 5 Watts
 Dimensions (LxWxH): 7.8 x 2.7 x 7.1 in. (198mm x 68mm x 18mm) • Weight: 131g
 Battery: Rechargeable Lithium Ion 3.7V 1000mAh cell
 Temperature Range: -20°C to 55°C (-4°F to 131°F)
 DC Input: 5-6V 400mAh

*Performance times may vary slightly depending on type of device and intensity of sunlight
